Societies, Institutes and Associations

- ACADIA: Association of Computer Aided Design in Architecture
  The purpose this association is facilitating communication and critical thinking regarding the use of computers in architecture, planning and building science.
- Acoustical Society of America
  A variety of fields related to sound are represented through this society
- American Institute of Architecture Students
  A non-profit and student-run organization that is the official voice of architecture students
- CSI: Construction Specification Institute
  The mission of CSI is to advance building information management and education of project teams to improve facility performance.
- Illuminating Engineering Society
  The IES seeks to improve the lighted environment by bringing together those with lighting knowledge and by translating that knowledge into actions that benefit the public.
- Society of Architectural Historians
  Welcome to the Society of Architectural Historians: promoting the study and preservation of the built environment worldwide.
- Sustainable Buildings Industry Council
  SBIC works to advance the design, affordability, energy performance, and environmental soundness of residential, institutional, and commercial buildings.

Green Building

- Building Green
  This is an independent company committed to providing accurate, unbiased, and timely information designed to help building-industry professionals and policy makers improve the environmental performance, and reduce the adverse impacts, of buildings.
- Global Green
  The organization was founded to create a new approach to solving the world's most pressing environmental challenges.
- Green Footstep
  A free online tool which informs decisions regarding carbon during the design process by showing in real-time the sensitivity of life-cycle carbon emissions to variable design targets
- Green Matrix
  The Green Matrix is designed to cross-reference topics of sustainability with the standard phases of project design, thereby illuminating appropriate strategies for a particular phase of work.
- IGRA: International Green Roof Association
  The basic idea of IGRA is the support of the Green Roof market on an international level by sharing knowledge and experiences in the field of Green Roof technology and public relations.
- Oikos: Green Building
  Focused on energy efficient building and environmentally sound construction

Kingdom University Library

Architecture Engineering & Design Subject Guide

Books

- Browse by DDC call number
- Browse the Architecture Engineering & Design Collection in the following call number areas to find the books on your interest.

Subject	Call Number
Buildings	690
Concrete	693.5
Ventilation & Air conditioning	697.92
Area Planning	711
Landscape Architecture	712
Architecture	720
Architecture –Historical, geographical and persons treatment	720.9
Architecture structure	721
Architecture from ca 300 to 1399	723
Saracenic Architecture	723.3
Public Structures	725
Mosques & Minarets	726.2
Design & decoration of structures and accessories	729

Please refer the detailed "Call numbers for Architecture Engineering & Design Collection"

E-Books

Searching for EBooks –Ebrary Academic Complete
When searching in eBooks database try the following:

- Use keywords to find materials on your subjects
- Limit your search by year for materials on specific time period

The KU library has subscribed to ebrary. It has a collection of over 31,000 eBooks covering Architecture Engineering & Design

You can view, download, and print pages from these ebooks, and they are available 24/7 from your desktop or laptop. (Read the quick guide for ebrary)

Searching for EBooks –Springer
We have limited number of eBooks on architecture in the springer link.

Refereed journals (Print)

Sl.No.	Journals
1	IDPR- International Development Planning Review
2	TPR- Town Planning Review
3	The Architecture Review
4	Architectural Record
5	Architectural Design
6	The Plan
7	The Japan Architect
8	Archiworld
9	Medina
10	Tasarim
11	البناء
12	مجاز
13	عمران
14	دوموس

These refereed journals are shelved in the current periodical section in the library, arranged in alphabetical order by title.

Art and Architecture Source – Full Text

The KU library has subscribed to Art and Architecture Complete database which includes full-text coverage of more than 370 periodicals with content coverage dating back to 1937 and additional full-text for more than 220 books. It also includes cover-to-cover indexing and abstracts for more than 770 academic journals, magazines and trade publications, as well as for nearly 230 books. Uniquely, Art & Architecture Complete contains selective coverage for over 60 additional publications, and an image collection of over 63,000 images provided by Picture Desk and others.

Useful resources Related to Architecture Engineering (Please visit the University Website)

1. A Daily Dose of Architecture
2. Archinect
   links to various competitions and events
3. ArchINFORM
   The largest online-database about worldwide architects and buildings from past to present.This database includes information from over more than 29000 built and unrealized projects from various architects and planners. The architecture of the 20th century is the main theme of this database.
4. Archiplanet
   Uses the same concept as wikipedia but with an architectural focus
5. ArchNet
   Islamic Art and Architecture
6. Arcosanti
   27 years ago, the Cosanti Foundation began building Arcosanti, an experimental town in the high desert of Arizona. When complete, Arcosanti will house 7000 people, demonstrating ways to improve urban conditions and lessen our destructive impact on the earth
7. ArtSource
8. Asian Historical Architecture
   A photographic survey of Asia's architectural heritage
9. DeZeen
10. Emporis
    Emporis is the world's largest free-to-use website about buildings.
11. NCARB - Architect Registration Examination Website
12. Planetizen
    Covers a wide number of planning, design, and development issues, from transportation to global warming, architecture to infrastructure, housing and community development to historic preservation
13. RIBA: Royal Institute of British Architects
    Holds one of the largest and most important collections of architectural drawings, photographs and archives in the world,
14. Structurae
    This site offers you information on works of structural engineering, architecture or construction through time, history and from around the world.
15. UBC: Web Resources in Architecture
16. World-Architects
    Profiles of contemporary architects, Searchable by country or by name
